

COMSATS University Islamabad

Junaid Zaidi Library

HEC Digital Library Access at HOME

Step # 1

To start creating VPN connection, Click START → Programs → Accessories → Communications → new connection wizard

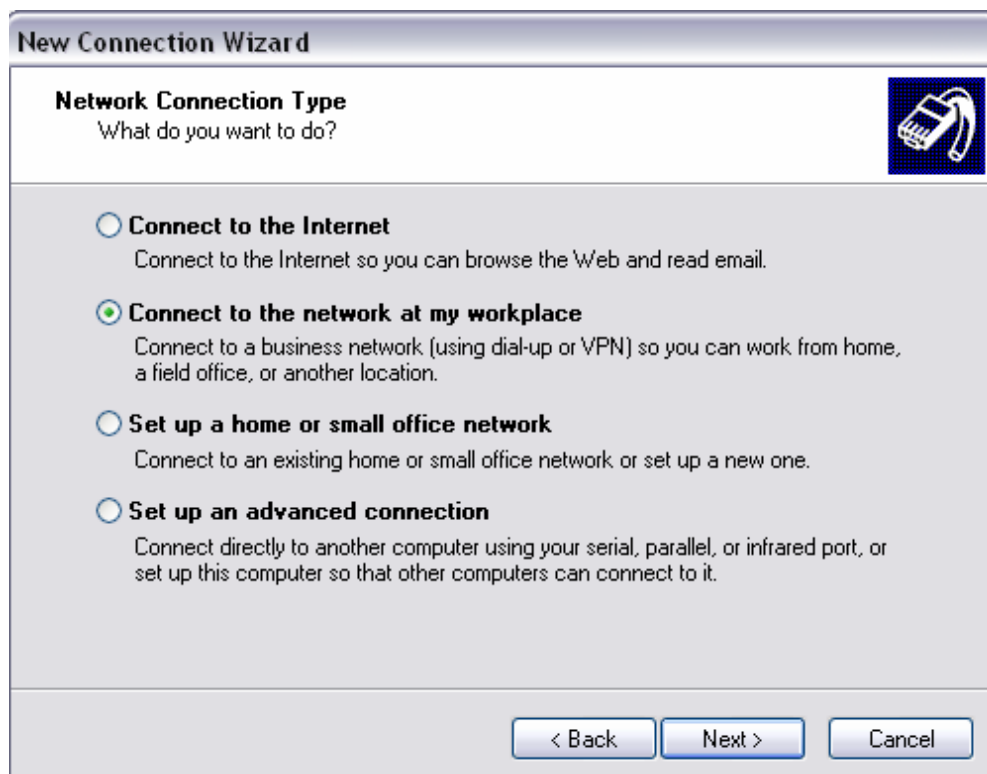

Step # 2

New connection wizard opened and Click on NEXT

Step # 3

Select 2nd option “**Connect to the network at my workplace**” and click NEXT

Step # 4

Select 2nd option “**Virtual Private Network Connection**” and Click **NEXT**

New Connection Wizard

Network Connection
How do you want to connect to the network at your workplace?

Create the following connection:

Dial-up connection
Connect using a modem and a regular phone line or an Integrated Services Digital Network (ISDN) phone line.

Virtual Private Network connection
Connect to the network using a virtual private network (VPN) connection over the Internet.

< Back Next > Cancel

Step # 5

Enter “**HEC Digital Library VPN**” as name of connection. You may enter another name also. Click **Next**

New Connection Wizard

Connection Name
Specify a name for this connection to your workplace.

Type a name for this connection in the following box.

Company Name
HEC Digital Library VPN

For example, you could type the name of your workplace or the name of a server you will connect to.

< Back Next > Cancel

Step # 6

Enter IP address of VPN server and Click **NEXT**

The screenshot shows the 'New Connection Wizard' dialog box. The title bar reads 'New Connection Wizard'. The main heading is 'VPN Server Selection' with a sub-question: 'What is the name or address of the VPN server?'. To the right is a small icon of a mobile phone. Below the heading, there is a text box with the instruction: 'Type the host name or Internet Protocol (IP) address of the computer to which you are connecting.' Below this is another text box with the label: 'Host name or IP address (for example, microsoft.com or 157.54.0.1):'. The text '111.68.99.50' is entered into this text box. At the bottom of the dialog, there are three buttons: '< Back', 'Next >', and 'Cancel'. The 'Next >' button is highlighted with a yellow border.

Step # 7

Click to select on “**Add a shortcut to this connection to my desktop**” and Click on **FINISH**

The screenshot shows the 'New Connection Wizard' dialog box at the final step. The title bar reads 'New Connection Wizard'. The main heading is 'Completing the New Connection Wizard' with a sub-heading: 'You have successfully completed the steps needed to create the following connection:'. Below this is a list item: 'HEC Digital Library VPN' with a sub-item: '• Share with all users of this computer'. Below the list, there is a text box with the instruction: 'The connection will be saved in the Network Connections folder.' Below this is a checkbox with the label: 'Add a shortcut to this connection to my desktop'. The checkbox is checked. Below the checkbox, there is a text box with the instruction: 'To create the connection and close this wizard, click Finish.' At the bottom of the dialog, there are three buttons: '< Back', 'Finish', and 'Cancel'. The 'Finish' button is highlighted with a yellow border.

VPN connection has been established.

Step # 8

Click on “**HEC Digital Library VPN**” Icon on desktop.

Step # 9

Enter User Name & Password
